- Candidates can apply for jobs, while recruiters can post job opening.
- Authorization and authentication done using JWT.

Other smaller projects consists of:

- Weather-App
- Music Player
- To-do list

## ABOUT ME

Hello! I'm a passionate and dedicated web developer currently pursuing my Bachelor's of Computer Application (BCA) at Tribhuvan University. I specialize in building dynamic, responsive, and user-friendly applications using modern technologies like HTML, CSS, JavaScript, PHP, and the MERN stack.

With a strong foundation in both frontend and backend development, I enjoy solving problems, learning new tools. I'm also skilled in teamwork, communication, and working under pressure — qualities that help me thrive in collaborative environments.

I'm currently seeking opportunities to grow as a developer and contribute to exciting, real-world applications.

## EDUCATION

### Himalaya College of Engineering (2022 – onGoing)
